

Before starting home education: first steps

The first thing to do:

- ❖ Know the child's learning style (auditory, visual, or kinesthetic) - search online quizzes under learning styles

- ❖ Check if there are gaps and the topics where he stayed at school (check books, notebooks, booklets, skills guides)
- ❖ Select the teaching method (traditional, Montessori, Eclectic, Waldorf, Study Units, etc.) which can be found on this page.
Selecting the curriculum based on the child's interests
